## MEMORANDUM

**TO:** Public Works Directors

**FROM:** Robert Haramut, Jr. *RH*  
Transportation Planner

**DATE:** January 7, 2011

**SUBJECT:** STP Urban Program

MRPA is requesting candidate projects for consideration for federal fiscal year 2012 and beyond as part of our transportation planning program. Roadways must be classified as higher than an urban local road in order to be eligible for federal aid under this program. A list and map of federal aid local roads in your town is enclosed for your information.

The enclosed STP-Urban Project Selection Process and Project Rating Criteria document outlines the project funding, eligibility, and selection process. Also enclosed is a project application and questionnaire to include with your application packet.

Please submit your completed project applications to MRPA by Friday, February 18, 2011. If you have any questions about the STP-Urban program or need additional information, please contact me at your convenience.
